Step 1 - Planning

Think about the Great North Run and the presentation you've seen, using this as inspiration, write in the box some words that it made you think of. Do you know an adult who has taken part before? Maybe ask them what it was like and what they could see?

Have you ever taken part in a running event or fun run before? Use this to help as well!

You can only choose 3 colours to use in your design. Colour the boxes with your choices.

Step 2 - Your Design

Practise your designs on some spare paper, and when you've decided, draw your final design onto the template below.
