

Extended Code Unit 4 /oe/: Word search

Students have to find the following words in the word search by tracking through each line from left to right. Words only appear horizontally. Remind them that sometimes we spell a sound with two letters. In this word search, they will see some two-letter spellings. When two letters are in the same square, they represent one sound. Split spellings are underlined. When students find a word in the word search, they say the sounds and read the word.

both coast quote poke host cove joke
hope drove stole toe blow foe globe
