

## Extended Code Unit 8 /ow/: Roll and read

This is a game for two players. Each player has a pencil of a different colour. Each player takes turns to roll the die. When they roll the die, they have to read the word at the bottom of the column with the same number as the die. Once they've read the word, they claim it by crossing it out in their colour. The aim is to complete all the columns. The player who reads the top word in each column wins the column. The player with the greatest number of columns wins the game.
